Yemen: draft resolution

Assistance for the reconstruction and
development of Djibouti

The General Assembly,

Recalling its resolution 50/58 F of 12 December 1995 and its previous
resolutions on economic assistance to Djibouti,

Recalling also the Paris Declaration and the Programme of Action for the
Least Developed Countries for the 1990s,¹ adopted by the Second United Nations
Conference on the Least Developed Countries on 14 September 1990, as well as the
mutual commitments undertaken on that occasion and the importance attached to
the follow-up to that Conference,

Distressed by the large number of persons afflicted by the torrential rains
and unprecedented flooding in Djibouti in November 1994 and by the significant
damage and devastation to property and infrastructure,

Noting that the economic and social development efforts of Djibouti, which
is included in the list of least developed countries, are constrained by the
extremes of the local climate, in particular cyclical droughts and torrential

rains and floods such as those which occurred in 1989 and 1994, and that the implementation of reconstruction and development programmes, as well as of the demobilization programme, requires the deployment of substantial resources which exceed the real capacity of the country,

Noting with concern that the situation in Djibouti has been made worse by the deteriorating situation in the Horn of Africa and in particular in Somalia, and noting the presence of over 100,000 refugees and persons displaced from their countries, which has, on the one hand, placed serious strains on the fragile economic, social and administrative infrastructure of Djibouti and, on the other, caused serious security problems in the country,

Noting also the difficult economic and financial situation of Djibouti resulting in part from the number of priority development projects that have had to be suspended in view of serious developments in the international situation and in part from the prolonged effects of the previous regional conflicts, notably in Somalia, which have disrupted services, transport and trade and which are draining the State of most of its revenues,

Noting with satisfaction that the Government of Djibouti has begun to implement the structural adjustment programme, and convinced of the necessity to support that financial recovery programme and to take effective measures to alleviate the consequences, in particular the social consequences, of that adjustment policy, which is in the course of implementation, in order that the country may achieve appreciable economic results,

Noting with gratitude the support provided to relief and rehabilitation operations by various countries and by intergovernmental and non-governmental organizations,

Taking note of the report of the Secretary-General of 17 July 1996,²

1. Declares its solidarity with the Government and people of Djibouti in the face of the devastating consequences of the torrential rains and floods and the new economic realities of Djibouti, resulting in particular from the continuing critical situation in the Horn of Africa, especially in Somalia;

2. Welcomes the implementation by the Government of Djibouti of the structural adjustment programme, and, in that context, appeals to all Governments, international financial institutions, the specialized agencies of the United Nations system and non-governmental organizations to respond in an appropriate manner, as a matter of urgency, to the financial and material needs of the country;

3. Requests the donor community to participate actively and generously in the round table on Djibouti which will take place in February 1997 in Brussels in order to help that country to rebuild its economy, restore its basic and social infrastructure and develop its human resources;

² A/51/213.

4. Considers that implementation of the demobilization programme and of the national rehabilitation plan and reinforcement of democratic institutions require appropriate assistance in the form of financial and material support;

5. Expresses its appreciation to the Secretary-General for his efforts to make the international community aware of the difficulties faced by Djibouti;

6. Requests the Secretary-General to continue his efforts to mobilize the resources necessary for an effective programme of financial, technical and material assistance to Djibouti;

7. Also requests the Secretary-General to prepare a study of the progress made with regard to economic assistance to Djibouti in time for the question to be considered by the General Assembly at its fifty-second session.
